

AtoZConnect

I just received an email to verify my information. What is the Verification Wizard?

- The **Verification Wizard** is a simple process asking families to verify their household information for our directory.
- This process should take no more than 5 minutes of your time.
- Once you complete the wizard, you will be connected to our online directory!
- Click on the **Auto Login Link** you received in the email to get started!

Verify Your Data

- Click on the **Please Verify** button in the household level to confirm and edit your household data.
- If this is a divorced household, click on **Add Second Household**.
- Click on the **Please Verify** button on the parent and student level to confirm and edit the members in your family (click on **Add Parent** or **Add Student** to add family members to your household).

Don't forget to check out the SHOPPING & ADVERTISE tabs to pay for any membership dues, make donations and advertise in our school directory!

Complete each tab

- Click on the **NEXT** button to go through the wizard.
- The tab will change to a green check mark indicating you have completed that tab.
- **ALL** tabs must be checked off to complete the wizard.

Select the green "Click to Finish" button to access the online directory!
